Cadets plant saplings

The NCC cadets of Jain University organised a sapling plantation drive on the Jain International Residential Campus recently. The plantation drive was part of a massive initiative "My Earth My Duty" that was launched on World Environment Day. The first sapling was planted by Col. G.P. Alok Guha and Lt. Col. Nilesh Karia of 9 Karnataka Battalion.

Commander Guha urged the cadets to plant more saplings to keep the environment clean and green. About 1,000 saplings of various medicinal and flowering plants were planted.
