

New Horizon Group Felicitates Ajay Marshal!

The Budding Film-maker and musician **Ajay Marshal**, student of School of Engineering & Technology has made 8 films & his film BOONDH which is the only film to be made with a lowest budget of rupees 2k/- was felicitated by the New Horizon Group for his stupendous work!

Highlights of BOONDH:

-The WORLD WAR-3 sequel of the film BOONDH is the first of its kind in the world to explain the prediction of world war-3 due to water scarcity.

-The WORLD WAR-3 sequel(which is under process) of the film BOONDH is expected to achieve many records and also solve water crisis in places like Harohalli, Bellary and Gulbarga districts as it depicts real life situations in these districts and also condemns the sleeping political leaders who are ignoring this issue.

-Film BOONDH will be screened in France and many other countries as a part of 'Voices for Water' -an international film festival.
