

Dear Applicant,

Greetings from Jain University for a prosperous New Year 2012!

Jain University is a dynamic and forward looking institution, committed to being a centre for excellence in teaching, learning, research and enterprise.

Jain University is promoted by the Jain University Trust. The Jain University Trust is managed by the JGI Group. Headquartered at Bangalore, the JGI Group represents a cluster of 68 vibrant educational establishments. Over two decades, the group is today home to over 30000 students and 3120 staff members engaged at the P - 12, undergraduate & postgraduate levels across 25 campuses and centres of excellence.

The University is headed by its founder, Dr. R Chenraj Jain, a distinguished educationist and entrepreneur with over 35 years of experience. As the President of the University, Dr. R Chenraj Jain leads the implementation of a comprehensive strategic plan that aims at leveraging the Institute's existing strengths and ensures its rapid progress as an internationally recognised centre for higher learning.

The university offers degrees spanning Languages, Social Sciences & Humanities, Physical & Life Sciences, Engineering and Technology, Management and Commerce. Jain University is building on its strengths of excellent research and entrepreneurial network to promote enterprise and entrepreneurship — the driving force for innovation and growth in the Indian economy. This tripartite approach through Education, Entrepreneurship & Employment, we believe, in time will contribute towards nation building.

Jain University has set up seven centres for research, consultancy & excellence with a national and international reputation for multidisciplinary work in the areas of science, technology and humanities. They are:

Centre for Research in Emerging Technologies	The centre established under the aegis of Industry – Institute relationship programme is a global hub for promoting the new technologies and undertaking Research and Consultancy in various domains of engineering. Towards this, a platonic relationship is being built up with a number of companies and institutions alike wherein the academic community gets to work and be trained on the-state-of-the-art technologies addressing industry verticals.
Centre for Disaster Mitigation	The centre aims at carrying out research, teaching, testing and consultancy in the areas of earthquakes, floods & droughts, fire safety engineering and industrial waste utilization with a view to develop a group of well trained man power catering to the ever increasing needs of the country in the field of disaster mitigation.
International Institute for Aerospace Engineering and Management	The Institute is involved in cutting edge research and generates pool of technical manpower skilled in Aircraft Design, Avionics, Aircraft Maintenance Engineering and Airport Infrastructure Management both at the Under Graduate, Post Graduate and Research levels. It is supported by academic institutions and industrial organizations like ISRO, HAL, Airports Authority of India, NAL, Air India, BIAL, CIAL and many more.
Centre for Research in Social Sciences and Education	The centre undertakes research in the field of democracy studies & Indian politics. The centre promotes research in new teaching methodologies and dissemination through innovative tools kits, workshops and other

	outreach programmes.
RCJ Centre for Entrepreneurship	It promotes entrepreneurial development, business incubation, empirical research & action research in the area of Entrepreneurship. Till date 48 companies have been incubated. The areas of business operations include hospitality, investment advisory, software services through telecommunication, interior design, hotel industry, niche marketing & educational services.
Centre for Research in Pure and Applied Sciences	A recent initiative of the Jain University aimed at promoting research in frontier areas of basic and applied sciences for our faculty and students
Centre for Ancient Indian History & Culture	The centre is established with a view to present an objective analysis of ancient Indian history. The research work at the centre intends to review scholarly works on vedic culture and present Indian history in the right perspective. The thrust areas of research include Vriksha Ayurveda, Psychology & History.

The Jain University has a qualified faculty and staff with in-depth knowledge in their fields of study. Commitment and efficiency are the key ingredients that every staff member brings to the institution. The University offers its faculty a challenging learning environment that is constantly innovating and research-active. The faculties participate in workshops and seminars to gain in-depth knowledge and progress their thinking. They are also encouraged to bring out publications in reputed journals.

Our faculty and staff enjoy a safe and pleasant working environment, with a variety of benefits encompassing pay, work-life balance along with excellent facilities on campus.
