

IDEA COMPETITION YOUR IDEA CAN INFLUENCE THE FUTURE!

If you have good ideas which can be converted to a process, software, new design of products with innovation potentials here is a golden opportunity for you!

Take part in Jain University **IDEA COMPETITION** & live your dream.

Who can participate?

- Faculty members of all Jain University departments
- Jain University students pursuing master degree / final year students of BE in all branches of science and engineering
- PhD students registered at Jain University
- Humanities and Management students and faculty

Submission

Submit the details of concept / Idea as per the following format:

- Catchy title of idea
- Category – Science / Engineering / Multidisciplinary
- Abstract – Not more than one page
- Detailed description (not more than 3 pages) and visualization of the concept – illustrations like visualization concept (you are free to choose any method that communicates your concept the best, such as: scenario, sketch, diagram, flowcharts, etc.)
- Your source of inspiration or supporting links, materials and any background principle(s) that makes the idea realizable
- Description showcasing what **is novel in your idea** and how it can be useful

Note: You can participate as an individual or in a group consisting of two members

Last date to submit – 5 December 2013

Submit 3 copies of your creative idea in both soft and hard copy duplicate formats to:

Prof. Dr. N G R Iyengar

Director, IIAEM & Pro Vice-Chancellor, Jain University

International Institute of Aerospace Engineering and Management (IIAEM)

IIAEM, Jain University

Jakkasandra Post, Bangalore - Kanakapura Road

Guidelines

- We are seeking for creative ideas and do not ask you to design a whole new product or process
- We appreciate ideas with practical applications
- The concept / idea has to be new
- It should be relevant to science / engineering / multidisciplinary areas
- Once your idea is chosen by Jury for the award or for meritorious mention, you need to execute a Non-Disclosure Agreement (NDA) and a copyright

Awards

The jury will reward concepts / ideas with prizes covering both categories of science and engineering. Jury may determine any additional ideas as meritable mentions without prizes

Selection process and announcement of the results

- The jury will select the winning entries by reviewing the submissions that fulfill the above mentioned criteria
- Decisions of jury members are final
