## About the seminar - Investment Decisions

Determination of where, when, how, and how much of money to be spent in the pursuit of making a profit has become all the more important to every individual. The recent market events have raised many questions among people who want to earn more from what much they have. Earlier investment pattern such as savings in a nationalized bank or a post office has extended manifolds to insurance, mutual funds, shares, debentures, gold, fixed and movable properties and etc... This seminar shall rather be an Investor Education so as to facilitate a common man in making an informed decision.

### The Objective

This seminar is expected to provide insight into investments and decision making which shall be of great help to individuals and households for a better future. The seminar shall dwell upon conceptual clarity, financial planning and decision making, with a focus on investment products in banking, Insurance, Mutual Funds and Stocks.

### Target Audience

As the objective is to contribute to the social development of our communities, anybody who is interested in gaining knowledge about investments, deciding on investment options, evaluating the options and forecasting potential earnings shall participate and be benefited.
