

Report on 'Health Talk on Eye Care'

The NSS Wing of School of Graduate Studies, J C Road in collaboration with Vasana Eye Care organised a **'Health Talk on Eye Care'** for the degree students of School of Graduate Studies, Jain University on 11 August 2014.

The speaker for the day was Dr. Sheena Bilal, a senior surgeon from Vasana Eye Care Hospital. She gave an exhaustive and informative presentation on eye defects, prevention and cure. She highlighted on the latest and most scientific method of correcting the sight through Lasik treatment. She also highlighted on the benefits accrued by the community through the pledging of eyes after death. The doctor spoke on cataract, retinopathy, glaucoma and the various contraindications involving them. To educate students about the same, an eye surgery video was shown.

The session was highly interactive and the students approached the surgeon with many doubts and questions. Impressed with the student's enthusiasm & approach towards the session, the Vasana Eye Care Hospital has come forward to conduct a free eye check up camp to the students on 26 August 2014 at the School of Graduate Studies.
