It boasts of academic, research and corporate collaborations with various international and national organizations of excellence. With excellent infrastructure and faculty members of the highest calibre, the University emphasizes quality education coupled with value added programmes, co-curricular and extra-curricular activities.

ABOUT THE CONFERENCE

Indian economy has gained significant momentum in recent years and the near future looks very promising and exciting. At the same time, the pace and ubiquity of CHANGE has become a reality that cannot be ignored. The environments -Indian and Global- have become highly Volatile, Uncertain, Complex and Ambiguous (VUCA) due to a variety of factors including greater inter linkages world-wide and the all-encompassing impact of technology. This has necessitated innovation in every area and its flawless implementation.

Different entities in business, social sector and government domains are rapidly coming to terms with this "new reality" and have designed and implemented creative strategies not just to cope with but also to leverage and indeed drive this ever-accelerating change process.
