

Certificate Programme

In the recent days, many people working in the Industry and R&D establishments are aspiring to improve their skills by specializing in areas of interest for better career prospects. At times it may be difficult for them to take time off from the organizations for this purpose by joining regular courses.

In order to fulfill the requirements of such people, Jain University has plans to offer a six months Certificate programme related to Energy facilitating them to attend the classes in week ends at its centre in Bangalore city. These programmes will be conducted in association with M/S TUV Rheinland, a reputed German Certification Body.
