

ENGINEERING AND TECHNOLOGY

Program	Eligibility
Bachelor of Technology (B.Tech.)	The minimum qualification required to apply is a pass in PCMB / PCMC / PCME in PUC or ISC / CBSE or equivalent board.
Bachelor of Technology (Lateral Entry)	The candidate should have diploma or an equivalent qualification from a recognized university or institution with 45% marks (40% in case of SC / ST) in the final year examination. Provided further that they are required to clear the prescribed subjects as specified by Jain University.
Master of Technology - Aerospace Engineering (Aerospace Structures)	B.E / B.Tech in Aeronautical / Aerospace / Mechanical / Civil, AM AeSI / AMIE in Civil / Mechanical with not less than 50% in aggregate with GATE / PG (CET) score.
Master of Technology - Aerospace Engineering (Aircraft Propulsion)	
Master of Technology - Aerospace Engineering (Aerodynamics)	
Master of Technology - Aerospace Engineering (Avionics)	B.E / B.Tech in Electronics / Mechatronics / Electrical / Instrumentation / Computer Science Telecommunication with not less than 50% in aggregate with GATE / PG (CET) score.
Master of Technology - Computer Science & Engineering	B.E / B.Tech in Computer Science Engineering / Information Science Engineering or equivalent /
Master of Technology - Thermal Engineering	B.E / B.Tech in Mechanical / Industrial Engineering and Management / Industrial Production / Manufacturing, Metallurgy & Automobile /
Master of Technology - Building Science and Technology	B.E / B.Tech Civil Engineering or equivalent
Master of Technology - Energy Management & Climate Change Technology	B. E / B.Tech in Mechanical, Industrial Engineering and Management / Industrial Production / Manufacturing / Metallurgy / Automobile / Electrical & Electronics / Civil / Aerospace / Electronics & Communication / Instrumentation and Chemical
Master of Technology - Energy Engineering	B.E / B.Tech in Mechanical / Industrial Engineering and Management / Industrial Production / Manufacturing, Metallurgy & Automobile
Master of Technology - Embedded System Design	B.E / B.Tech in Electrical and Electronics/ Electronics and Communication / Computer Science and Engg. / Instrumentation and Control / Electronics and Instrumentation / Information Technology / Electronics / Instrumentation

Master of Technology - Food Technology	B.E / B.Tech.in Food Technology, Dairy Technology, Chemical Engineering, Biotechnology, Environmental Engineering, Industrial Engineering and any other Bio or Chemical or Food related 4yr Technology / Science program
Master of Technology in Aerospace Engineering for Working Professionals - Aerospace Structures / Aerodynamics / Aircraft Propulsion	B.E / B.Tech in Aeronautical / Aerospace / Mechanical / Civil Engineering or AM AeSI / AMIE in Civil / Mechanical Engineering
Master of Technology in Aerospace Engineering for Working Professionals - Avionics	B.E / B.Tech in Electronics / Mechatronics / Electrical / Instrumentation / Computer Science / Telecommunication Engineering
