Welcome to Jain (Deemed-to-be University)

- President
- Chancellor
- Vice Chancellor

President's Message

Welcome to Jain (Deemed-to-be University) where excellence is nurtured, pursued and celebrated to work and to create positive change!

The outstanding students, staff, alumni and all stakeholders will certainly take Jain (Deemed-to-be University) to the top echelons of the world's universities.

We at Jain (Deemed-to-be University) desire to make research, quality and excellence our defining words. As innovators we desire to make genuinely life-changing advances. It is clear that exceptional partners and allies are joining hands in our efforts. We are proud to collaborate with research institutions and industry across the globe. These widespread connections and links enable us to link with top global universities to engage in some form of international experience.

With a range of scholarships and support for students to pursue international, academic and engagement opportunities we welcome students with academic ability and aspirations to gain an outstanding education.

The academic and career opportunities are balanced with a wide array of sporting, cultural and social choices. The outstanding teaching, student support, flexibility and choice in programs and extra-curricular benefits come together to create a transformational student experience.

I am sure that our students are the emerging leaders who will shape tomorrow's world and create change.

I once again deem it a pleasure to welcome our students to Jain (Deemed-to-be University).

Dr. Chenraj Roychand
President, Jain (Deemed-to-be University)

Chancellor's Message

Dear Student,

Welcome to Jain (Deemed-to-be University) where campuses are filled with energy and optimism.

As we make a renewed beginning, I hope you are feeling energized, relaxed and stimulated as well as eager for achievement.

With our commitment and involvement, we desire to work more successfully with measurable results. The University's strategic plan reflects its evidence-based innovations which will help the student community. We will leave no stone unturned to create opportunity to succeed in the increasingly knowledge-based economy of the 21st century.

Strengthening academic excellence is essential to support student success. We nurture interdisciplinary approaches with blended course work and our administrative operations are well streamlined to put more resources into our academic programs and student initiatives.

We promise comprehensive effort to elevate our performance and ensure that we continue to be a leader in providing high-quality education, opportunity and social mobility. None of these are possible without a vibrant student community.

Thank you for choosing Jain (Deemed-to-be University), for you make the University, what it is.

Dr. C.G. Krishnadas Nair
Chancellor, Jain (Deemed-to-be University)

Vice Chancellor's
Message

Dear Student,

Its my pleasure to extend a warm welcome to all our students, both new and continuing.

Our students are a large and diverse group, reflecting our wonderful regional character and diversity. The University is committed to and focused on its core mission of providing quality education, creating human assets and intellectual capital.

Jain (Deemed-to-be University) is making high quality education easily accessible to both international & national and is in the continuous process of modernizing its campuses. Students come from varied backgrounds and circumstances and there is a wide scope for peer learning. Campus life activities are open to all students. There are a wide range of beneficial and enjoyable offerings including career counseling, leadership and entrepreneurial advice, health and wellness services and sports and social activities.

The year 2019 is particularly important as we are marching ahead in our pursuit of excellence. One of our indications for success is quality through accreditation. We got a CGPA of 3.31 with and 'A' grade in the National Assessment and Accreditation Council (NAAC) ratings.

The UGC review committee visited the University in December 2017 and has given a report appreciating the University in achieving good milestones in its pursuit of quality and excellence. The University has been conferred with the status of 'Graded Autonomy'

I am confident that the students of Jain (Deemed-to-be University) will maintain focus on studies and develop values, ambition, creativity and flexibility that are required to succeed after graduation.

We at Jain (Deemed-to-be University) value your feedback. I once again warmly welcome the students to this temple of learning and wish success in 2018 and many years to come.

Col. (Hony.) Dr. N. Sundararajan
Vice Chancellor, Jain (Deemed-to-be University)

About Jain (Deemed-to-be University)

- Vision and Mission
- Core Values
- Fast Facts
- University Organization Structure
- University Principal Officers

About Jain (Deemed-to-be University)

Ranked consistently among top Universities in India, Jain (Deemed-to-be University), Bengaluru is a "Hub for Learning" that provides a platform for learners at multiple levels to share their knowledge, broaden their horizon, and work in an atmosphere that fosters collaboration, innovation, and creativity. It encourages every member of the Jain (Deemed-to-be University) family to take ownership for its different programs and activities.

Jain (Deemed-to-be University) has an illustrious history of developing talent to its true potential. Whether it is arts, science, business, or sports, the state-of-the art infrastructure and the dedicated faculty create an ambience of excellence that encourages the students to give their best. There are over six-hundred research scholars at the University, involved in various fields of research ranging from forensic science to psychology.

The academic programs offered at the University are distinctive and contemporary both in curriculum and in pedagogy. It challenges the students to be enterprising and stimulates their intellectual capacity to think independently. The student welfare department in the University offers the students services like career development, counseling, and financial aid. The women's cell and anti-sexual harassment cell empower the women of the University to be confident and self-assured.

The theme-based annual fests of the University enrich the cultural environment and invigorate the students to be imaginative and resourceful. The clubs and forums like passion club, commerce forum, language forum, etc., engage them round the clock.

Sports is another key ingredient of the University. It is a way of life for Jain (Deemed-to-be University) students. The University provides facilities like "The Aqua" (an ultra-modern aquatic complex), and "Sprintoor" (a versatile indoor stadium which has facilities for almost all indoor games) required for the mushrooming of talented sportspersons. The golf course, athletics track, tennis courts, football and cricket grounds, hockey field, and a modern gymnasium support the students in all their sporting activities.

VISION
"To foster human development through excellence in education, research and entrepreneurial development"

MISSION
- To provide quality education, creating human assets and intellectual capital
- To enhance research and development in different disciplines
- To develop new generation entrepreneurs who will be instrumental in fueling economic growth
- To foster an ethical environment founded on human values in which both spirit and skill will thrive

CORE VALUES
- Ethics and integrity
- Imbibing scientific temper
- Environmental consciousness and sustainable development
- Promotion of Indian culture and heritage
- Active citizenry
- Service to society and contribution towards national development

FAST FACTS
Started
1990 as Sri Bhagawan Mahaveer Jain College

Declared
2008 as Deemed-to-be University under section 3 of the UGC act, 1956

Awarded
Graded Autonomy by University Grants Commission (UGC)

Location
Bengaluru, India

Students as on 31ˢᵗ May 2019

Schools

Center for Management Studies

Center for Management Studies is one of the India's leading business schools with an international perspective. It is a place where students, academicians, industry experts, business leaders and policy makers can share ideas, and enrich thinking. The institute offers a portfolio of undergraduate and postgraduate degrees within a highly flexible learning environment, with programs designed to stimulate and challenge ambitious minds as well as prepare students for managerial and specialist roles within business and the public sector.

CMS Business School

CMS Business School is the flagship postgraduate school of management of Jain (Deemed-to-be University) offering MBA programs, management development programs and research programs relating to management. The institute has a strong foundation in academic research, yet is designed to tackle the real issues that face today's international business community.

International Institute for Aerospace Engineering and Management

International Institute for Aerospace Engineering and Management (IIAEM) is a collaborative venture between Jain (Deemed-to-be University) and Society of Indian Aerospace Technologies & Industries (SIATI), an initiative never attempted by regular Universities, which has received overwhelming support from academic institutions, R & D laboratories and industrial organizations – like ISRO, HAL, AAI, NAL, Air India, BIAL, CIAL and many others. Besides involving itself in cutting edge research, the Institute will generate a pool of technical manpower skilled in aircraft design, avionics, aircraft maintenance engineering, airport infrastructure and management both at the undergraduate, postgraduate and research levels.

Kautilya Entrepreneurship and Management Institute (KEMI)

Kautilya Entrepreneurship and Management Institute (KEMI) is a path-breaking initiative of Jain (Deemed-to-be University), which provides an engaging platform for the innovators who yearns for the best. It aims to sustain and advance the entrepreneurial agenda in a focused manner, through meaningful endeavors in entrepreneurship and business formation. KEMI aims to blend the best of eastern and western thoughts and practices for promoting agile, action-oriented, and conscientious wealth creators.

School of Commerce

School of Commerce offers portfolio of graduate and postgraduate courses in the Faculty of Commerce and Management. The rapid growth of the center is reflected in its recognition as well as uniqueness in its academic programs. These programs are internationally recognized and equip students with the study skills and business-orientated thinking.

School of Computer Science and IT

School of Computer Science and IT offer programs in bachelors program in computer applications, and masters programs with specialization in information security management services, infrastructure management services in it and in storage and cloud technology.

School of Engineering and Technology

School of Engineering and Technology is one of the finest and renowned engineering institutions in Bengaluru. It is an integral part of the Jain (Deemed-to-be University)'s Faculty of Engineering and Technology and offers unique graduate, postgraduate and specialized programs. Thus, the institution is intently focused to deliver the world class educational experience. The outstanding teaching and research facilities coupled with its practical and forward thinking programs, will let students to realize a distinctive and high quality academic experience which is focused on developing their skills and knowledge and thereby allow a smooth transition into the portals of industry.

School of Humanities and Social Sciences

School of Humanities and Social Sciences offers bachelors program in arts with
- BA (PJO - Psychology, Journalism, Optional English)
- BA (PSE - Pshychology, Sociology, Economics)
- BA (JMC - Journalism and Mass Communication)

and MA in Dance, Music, Economics, Journalism and Mass Communication. Under the faculty of languages it offers MA in English. The thrust research areas of School of Humanities and Social Sciences are educational psychology, adolescence behavioral changes, psycholinguistics, phenomelogical counseling.

School of Interior Design

School of Interior Design offers B.Sc. in Interior Design, an innovative program that equip its students to challenge the ways in which people perceive a place. The center teach the skills needed to practice as a professional interior designer, training each student with an exciting and professional portfolio of work.

School of Law

The School of Law is a new initiative of the University which is committed to provide integrated professional legal education. The five-year integrated law course is dedicated to cater to the need for developing practice-ready lawyers who are socially committed and enriched with human values. The course is offered in trimester system to ensure in-depth and focused learning. The teaching pedagogy integrates the theoretical exposition with strategic practical sessions to meet the ever-increasing and diverse demands of the legal profession. The innovative curriculum includes a variety of electives that will add to the students' potential to opt for diverse career choices. The school which has an excellent learning ambience aspires to becoming a world-class destination for professional legal aspirants all over.

School of Sciences

School of Sciences offers an excellent academic studies and research ambience. The wide range of undergraduate, postgraduate programs in the Faculty of Sciences strive constantly for excellence in intellectual inquiry, academic freedom and integrity, and ethical practice in academic endeavors. School of Sciences has also oriented its research in areas that includes bioinformatics, cancer biology, biofuels, industrial, agricultural and environmental microbiology, mycology, enzymology, bioplastics, biomedical physics, plant metabolomics, theoretical atomic photoionization and electronic band structure of novel materials, micro/nano electronics, electro ceramics, toxinology, phytochemistry, industrial biotechnology etc. And it has established collaborative research with various national and international institutions and industries of repute.

The School of Design (The D-School)

The School of Design (The D-School) is a contemporary, comprehensive and unique school offering M.Des. and B.Des. programs with assured opportunities to work on industry projects and pursue maximum number of skill based, concept heavy or research led design projects through choice-based selection of subjects. The School offers rigorous studio based learning that engages creative students in focused training, interdisciplinary inquiry and practice based collaborative learning. At the School of Design the students will embrace change, creativity and critical thinking abilities. They will be empowered to translate ideas into tangible forms both physical and digital. The School of Design would be known for its unique, adaptable academic programs, industry and academic partnerships, commitment to research and blended pedagogy involving experimental learning opportunities with the industry.

Research Centers

Center for Ancient History and Culture

The Center for Research in Ancient History and Culture (CAHC) is established with a view to present an objective analysis of ancient Indian history. The research work in the center intends to review scholarly works on vedic culture and present Indian history in the right perspective. The thrust areas of research include monographs on Indian astronomy before Siddhantha period, manuscriptology and to bring out a three volume encyclopedia on technical scientific terminologies used in ancient Indian literature.

Centre for Nano and Material Sciences

The Centre for Nano and Material Sciences (CNMS) focuses on activities on sustainable development to meet societal demands with respect to energy production, water treatment and health issues. Some of its innovative projects include, design and development of a photoactive float for disinfection of water and elimination of emerging contaminants (pharmaceuticals, personal care products and endocrine disruptive chemicals); a nano filtration and reverse osmosis membrane based panels for complete elimination of heavy metals of serious concern such as cadmium, chromium, lead and arsenic; and a design of nanoxide supported zeolite catalysts for enhancement of octane number in petroleum products. It presently has 13 ongoing projects funded from DST (5), BRNS, MWS and MNRE.

Center for Research in Aerospace Engineering and Management

The Center for Research in Aerospace Engineering and Management has a mission to generate high quality human resources and pursuing research excellence in the fields of aerospace engineering and aviation business. The special strength of the center is its orientation to meet industry needs through continuing education and enrichment programs thus addressing the needs of practitioners. The center is currently executing research projects in the areas of autonomous flights, structural health monitoring, structural damage mitigation,

nano polymer composites, remote sensing using aerospace technologies and has sponsored projects from Aeronautics Research and Development Board under DRDO, on structural damage mitigation. It is supported by academic institutions and industrial organizations like ISRO, HAL, Airports Authority of India, NAL, Air India, BIAL, CIAL and many more.

Centre for Research in Social Sciences and Education

The Centre for Research in Social Sciences and Education (CERSSE) undertakes research in the fields of democracy and election studies, federalism, survey based research of public attitudes and developing and testing learner centered classroom dialogue materials. Its resources and expertise have been recognized by the Forum of Federations (The International Network on Federalism) and is involved in consultancy for constitutional design in the South Sudan and capacity building for transition to democracy and decentralization in Myanmar. The center has carried out a several train the trainer (TOT) programs and workshops funded by DFID (Canada) and Forum of Federations. CERSSE was assigned the task by the Karnataka Knowledge Commission to undertake the first ever survey based youth study in a state of India – Karnataka, to tap the aspirations, expectations and perceptions of the youth in the state.

Chenraj Roychand Center for Entrepreneurship*

The Chenraj Roychand Center for Entrepreneurship (CRCE) has done path-breaking work in providing strategic support and mentoring entrepreneurs by venturing into the business. 40 companies have been successfully incubated. The center has developed the 21 step model to become an entrepreneur and has provided guidance and support to young entrepreneurs to give wings to their business ideas. As one of the business incubation centers of the University, CRCE plays a critical role in realizing the goals set for itself by the University in terms of entrepreneurial development.

Fire and Combustion Research Center

Conducting Research and Development in innovative areas has been a major objective of the Jain (Deemed-to-be University). Fire safety and related combustion studies are in a state of infancy in India and promotion of R & D activities in this area will be in line objectives of Jain (Deemed-to-be University). Towards this, a collaborative arrangement with UL India already exists with JGI Group for setting up a state of the art testing laboratory called Underwriters Laboratories - Jain Fire Lab (ULJFL) for fire related products at JGI Global Campus. Because of a continued testing activity, ULJFL will be in continuous live interaction with major players in global fire safety industry. This arrangement provides an excellent opportunity to develop a focused research group working in the area of fire and combustion research leading to establishment of a research center. ULJFL interactions can be capitalized to create a research environment where frontier R & D issues of fire industry can be analyzed to frame research questions of significance to Indian context. ULJFL and its activities will render credibility to the activities of the group which can further establish relationships with renowned research groups in the areas of fire safety working in India and overseas and hence provide a global visibility.

Solving fire related problems will require engineering and technological abilities encompassing a wide range of engineering fields - civil, mechanical, electrical, electronics, computer science etc.,. Regular engineering courses at PG and UG level offered by Jain (Deemed-to-be University) in these streams can benefits from the activities of the center.

Specialized PG training programs in the areas of fire and combustion safety are offered to promote knowledge dissemination.

Center for Disaster Mitigation

The Center for Disaster Mitigation (CDM) carries out research, teaching, testing and consultancy in the areas of fire and combustion, earthquakes, floods and drought and solid waste utilization. It has a tie-up with the Underwriters Laboratory of the USA for the setting up a fire testing and certification laboratory of global standards. Major projects are funded by Department of Science and Technology, Indian Institute of Science, Bhabha Atomic Research Center, Underwriters Laboratories and TYCO. The current activities include establishment of indoor fire testing facility for UL, conducting regulatory open pool fire testing of transportation casks for radioactive materials for BARC.

Center for Emerging Technologies

The Center for Emerging Technologies (CET) is an innovative example of industry academia interaction. It is housed at the engineering campus and focuses on research in the frontier areas of engineering, technology and science. It has a range of projects and consultancy programs with prestigious research organizations and corporate bodies across the world. Its thrust areas of research include Autonomous and Intelligent Systems (Aero & Space, Marine, Terrestrial); MEMS, Materials, Nanobio Sciences and Engineering, Rapid Prototyping and Coating, Water and Energy. It collaborates with reputed organizations like the DRDO, DST. DOSISRO, DAE, MOFPI and MNRE and TUV Rheinland. Faculty at the center has published in leading journals and have also filed for patents. Its researchers have also developed products in collaboration with the industry. The center also runs industry linked Masters Programs.

JU Incubation Center (JUIC)*

JU Incubation Center (JUIC) is a joint initiative by the Department of Science and Technology (DST), Govt. of India, ALSTOM, France and Jain (Deemed-to-be University). JUIC is registered in February - 2015, as not-for-profit company under Section 8 of Companies Act 2013.

DST (NSTEDB) vide in its letter number 22/16/2014-NEB dated 29.09.2015 has approved Rs.160 lakhs towards non-recuring heads of expenditure and Rs. 200 lakhs towards recurring heads of expenditure for 5 years.

JUIC is operational from three locations in Bengaluru, namely Registered Office at JGI Global Campus, Kanakapura, City Campus at JP Nagar 6th Phase, and Entrepreneurship Factory at Jayanagar 4th Block. At JGI Global Campus, JUIC is housed inside Jain (Deemed-to-be University)'s School of Engineering and Technology, and thus, leverages all the resources that are accessible within the campus, such as laboratory, workshops, development and testing centers, computing resources, internet, library and above all highly

*Strategic Support for Entrepreneurship

experienced and knowledgeable human resource.

Center for Distance Education and Virtual Learning (CDEVL)

Online education is diversifying and expanding at an astounding rate. As the digital world continues to expand and e-learning has reached new horizons, Jain (Deemed-to-be University) has taken the initiative to launch online degree, certificate and diploma programs through its Center for Distance Education and Virtual Learning for the first time that are equal in educational value to our traditional classes. Our online programs offer self-paced, open schedule, computer-based, applied learning. The mobile learning application delivers a modern approach to "learning on the go" by allowing students to take control over their time and space, where they can access academic syllabus remotely and on a schedule that fits their needs. Jain (Deemed-to-be University) has evolved magnificently and gained credibility over last nine years for quality education and delivery. The online programs will be a reflection of our reputation, advanced technology and pedagogy of highest standards that will assist each and every aspiring student on higher education and career choices.

PROGRAMS AT
JAIN (DEEMED-TO-BE UNIVERSITY)

FACULTY OF ENGINEERING AND TECHNOLOGY

Bachelor of Technology (B.Tech.)
- Electronics & Communication Engineering
- Computer Science & Engineering
- Information Science & Engineering
- Mechanical Engineering
- Electrical & Electronics Engineering
- Civil Engineering
- Aerospace Engineering
- Metallurgical Engineering
- Automobile Engineering
- Robotics and Automation
- Aeronautical Engineering
- Software Engineering

B.Tech. (Computer Technology) with specialization in
- Cloud Technology and Information Security

B.Tech. (Computer Engineering) with specialization in
- Mobile Applications and Cloud Technology

B.Tech. (Honors) in Computer Science with Specialization in
- Data Science

B.Tech. (Computer Science & System Engineering) with Specialization in
- Internet of Things

B.Tech. (Computer Science & Technology) with specialization in
- Artificial Intelligence

FACULTY OF SCIENCES

Bachelor of Science (B.Sc.)
- Physical Sciences
  PMCs - Physics, Mathematics & Computer Science or
  RCCs - Renewable Energy, Chemistry & Computer Science or
  RPCs - Renewable Energy, Physics & Computer Science
- Life Sciences
  CMBt - Chemistry, Microbiology, Biotechnology or
  BcGBt - Biochemistry, Genetics & Biotechnology
- Interior Design
- Forensic Science
- Animation
- Digital Filmmaking
- Clinical Research
- Gaming - Integrated with International Moving Image Society, UK
- B.Sc. with specialization in Product Design / Interaction Design / Transportation Design

Bachelor of Design (B.Des.)
- Communications and Media Design with specialization in Graphic Design / User Interaction and Experience Design
- Industrial Design with specialization in Product Design / Retail and Interior Space Design
- Lifestyle Products and Accessories Design

Bachelor of Science (Honors)
- Data Science and Analytics - Integrated with IoA (Institute of Analytics) + Institute of Mathematics + Royal Statistical Society of UK
- Forensic Science - Chartered Society of Forensic Sciences (CSOFS), UK

Bachelor of Computer Application (BCA)
- Graphics and VFX

Bachelor of Computer Application with specialization in
- IT Information Security and Infrastructure Management
- Information Security and Mobile Applications
- Cloud Technology and Information Security
- Mobile Applications and Cloud Technology
- Data Analytics
- Internet of Things and Services
- Intelligent Process Automation
- User Interface and User Experience (UI-UX)

FACULTY OF COMMERCE

B.Com. with specialization in
- Marketing
- Finance
- Accounting
- Finance and Actuarial Studies
- Global Business Services
- Financial Markets

B.Com. (Honors)
- Accounting / Finance
- International Finance and Accounting - Association of Chartered Certified Accountants (ACCA), UK
- Risk Management - Chartered Institute of Management Accountants (CIMA), UK
- Global Accounting Practices - Association of International Accountants (AIA), UK
- Logistics & Supply Chain Management - Chartered Institute of Procurement & Supply (CIPS), UK
- Corporate Finance - Integrated with US CPA (Certified Public Accountants) + US EA (Enrolled Agents) (Global Taxation)

FACULTY OF MANAGEMENT

Bachelor of Business Administration (BBA) with specialization in
- Entrepreneurship

Bachelor of Management Studies (BMS)
- Financial Services
- International Business
- Tourism and Hospitality Management
- International Finance
- Aviation Management
- Materials Management & e-Commerce
- Strategy & Leadership - Integrated with US CSCA (Certified in Strategy and Competitive Analysis), IMA - USA and ILM-UK
- International Marketing - Integrated with Certified Digital Marketing Professional from Digital Marketing Institute of Ireland
- Digital Business
- Branding and Entrepreneurship
- Key Account Management
- Finance and Economics

FACULTY OF HUMANITIES AND SOCIAL SCIENCES

Bachelor of Arts (BA)
- OPJ - Optional English, Psychology, Journalism
- PSE - Psychology, Sociology, Economics
- JMC - Journalism & Mass Communication

Bachelor of Arts (Honors)
- Economics - Integrated with the Royal Economics Society + Association of Certified Chartered Economists of UK
- Music
- Ad Film Making

SKILLS DEVELOPMENT PROGRAMS

Bachelor of Vocational Studies
- Media & Entertainment with specializations in Animation / Visual Communication / Film, FX & Broadcast Design / Game Design / Sound Engineering / Digital Production
- Accounting & Business
- Music

POSTGRADUATE (PG) PROGRAMS

FACULTY OF ENGINEERING AND TECHNOLOGY

Master of Technology (M.Tech.)
- Aerospace Structures and Design
- Avionics
- Aerodynamic Engineering
- Computer Science & Engineering
- Aerospace Propulsion Technology
- Food Technology under MOFPI's innovative HRD schemes
- Cyber Security
- Data Sciences
- Energy and Environmental Management
- Civil Engineering - Structural Engineering
- Embedded Systems Technologies

FACULTY OF SCIENCES

Master of Science (M.Sc.)
- Physics
- Biotechnology
- Microbiology
- Biochemistry
- Psychology
- Information Technology
- Forensic Science
- Animation
- Chemistry
- Clinical Research

Master of Computer Application (MCA)

Master of Computer Application with specialization in
- Information Security Management Services
- Infrastructure Management Services in IT
- Storage and Cloud Technology

Master of Design
- User Interaction & Experience Design
- Strategic Innovation and Design

FACULTY OF COMMERCE

Master of Commerce (M.Com. with specialization)
- Financial Analysis

Master of Commerce
- Banking, Finance & Insurance
- Business Studies

FACULTY OF MANAGEMENT

Master of Business Administration (MBA)
- Entrepreneurship
- Aviation Management
- Sports Management
- Luxury Management
- Banking Finance & Allied Services
- International Finance & Accounting
- Logistics & Supply Chain Management
- Business Analytics
- Systems & Operations Management

3-Year MBA Program for Working Professionals with specialization in:
- Finance
- HRM
- Marketing
- Operations Management & Systems

MBA with specialization in
- Marketing
- Finance
- Human Resource Management

MBA with dual specialization in
- Marketing & Finance
- Marketing & HRM
- Finance & HRM

Master of Management Studies (MMS)
- Branding & Entrepreneurship
- International Business

Master of Management Studies with specialization in
- Emotional Intelligence & Life Coaching
- Project Management
- Lean Management

FACULTY OF HUMANITIES AND SOCIAL SCIENCES
Master of Performing Arts (MPA)
- Dance in Bharatanatyam
- Music in Carnatic & Hindustani

Master of Arts (MA)
- Economics
- Journalism & Mass Communication

FACULTY OF LAW
Master of Laws (LL.M.) with specialization in
- Constitutional Governance and Administrative Process
- Corporate and Commercial Law
- Criminal Law Criminology and Criminal Justice Administration

FACULTY OF LANGUAGES
- MA in English

PG DIPLOMA PROGRAMS

FACULTY OF SCIENCES
- PG Diploma in Psychological Counseling
- PG Diploma in Sports Psychology

- PG Diploma in Information Technology under University - Industry Interface program with any one of the following options :
  a) Big Data (Industry partner Micro Focus)
  b) Cyber Security (Industry partner EC-Council)
  c) Cloud Technology with IoT (Industry partner Amazon Web Services Academy)

FACULTY OF LANGUAGES
- PG Diploma in Comparative Literature

DOCTOR OF PHILOSOPHY PROGRAMS (PH.D.)

FACULTY OF ENGINEERING AND TECHNOLOGY
- Computer Science & Engineering
- Aerospace Engineering
- Electronics Engineering
- Electrical Engineering
- Mechanical Engineering
- Civil Engineering
- Fire Engineering
- Earthquake Engineering

Master of Science (Psychology)

Evaluation Process and Reforms

At the beginning of the semester, the evaluation methods / scheme of examination are communicated to the students by the faculty. The probable dates of conduct of midterm examination, end semester examination, assessment details and guidelines are printed in the University handbook and academic calendar which is distributed to each and every student. The evaluation process of the students is continuous. Signatures of the students are taken on the statements of CA (Continuous Assessment) marks to bring absolute transparency. IA (Internal Assessment) marks are displayed on the notice boards and the students can clarify IA marks with respective departments. The examination schedules, notices, timetable, etc. are put up on the website as well as on the notice board of the respective constituent units of the University. Orientation program is conducted for M.Phil. and Ph.D. students so as to brief them about the rules and regulations.

qualitative improvement in the national higher education system. This allows the students to have a choice to choose from the prescribed courses, which are referred as core, elective or minor or soft skill courses and they can learn at their own pace and the entire assessment is grade-based on a credit system. The emphasis is shifted from teacher-centric education to the student-centric education and the CBCS makes education broad-based and at par with global standards.

Choice-Based Credit System (CBCS)

Choice-Based Credit System (CBCS) is an initiative of the University Grants Commission (UGC) to bring about a

Internal Quality Assurance Cell (IQAC)

The IQAC of Jain (Deemed-to-be University) was established in the year 2009. The IQAC has integrated itself into the institutional system and is working towards realization of the goals of quality enhancement and sustenance. The IQAC has channelized its efforts and measures towards promoting holistic academic excellence. Some of the main functions of IQAC at Jain (Deemed-to-be University) are benchmark for academic / administrative activities.

- Creation of learner-centric campus
- Obtaining feedback form students from parents and various stakeholders
- Inter and intra workshops on quality themes
- Adoption and dissemination of best practices
- Performance-based appraisal system
- Preparation of annual quality assurance report (AQAR)
- Post accreditation quality sustenance activities

IQAC regularly conducts workshop on quality initiatives. Recently it conducted a two-day awareness workshop on revised accreditation frame work in collaboration with UGC and NAAC.

Induction & Orientation Service

A full-fledged induction program is arranged for new students for welcoming them to the world of Jain (Deemed-to-be University). The range of activities include: welcome speech by the President, the Vice Chancellor and the Center Head. The program gives students an opportunity to meet their fellow students and experience the academic, social and cultural life of Jain (Deemed-to-be University).

The Library Service

The library is the center of academic life and provides a range of services to support and enhance student learning at the campus. A team of subject specialist librarians and other trained staff provide a wide range of services to support their information needs and help them to make the most of the resources available.

The library offers:
- Study places for more than 200 readers
- Collections of printed books and journals
- Main collection of books 1,19,138 of them as well as CDs, DVDs and journals
- Online research journals
- 1,218 national and international periodicals
- A website listing thousands of high quality internet sites grouped by subject
- PC's and laptops to access databases and the internet
- An access to other academic libraries in the city
- Self-service units for borrowing / returning library books
- A wide range of quality electronic library resource
- Online reading lists

Online Services

The University offers online services such as KOHA, SWAYAM, MOOCS, JUx

IT Services

The University provides a comprehensive computer-based service in the IT center with high-speed internet access including Wi-Fi connectivity. The class rooms and laboratories are equipped with computers, with a wide range of specialist applications to support study programs.

Technology-Enabled Classrooms

The altar of learning has always been the classroom. The classrooms at Jain (Deemed-to-be University) are a whole new world of discovery, equipped with high-tech facilities like high-speed internet connectivity. The class rooms are air-conditioned, with audio visual facilities etc.

Get Online

The Jain (Deemed-to-be University) website has the main reference point for exploring all of the exciting services and facilities to offer. To explore the website, visit: www.jainuniversity.ac.in. On the website one can find all of the latest Jain (Deemed-to-be University) news, details of the upcoming events, and photographs from recent activities, examination schedules, media coverage and video gallery. One can also be an active participant on our social media page with an easy access to Facebook, Twitter, YouTube, LinkedIn and Instagram.

Accommodation

The Global Campus of Jain (Deemed-to-be University) has top quality halls of residence for boys and girls which accommodates 650 students. Located in pristine surroundings, resident students can access the Library on 24 x 7 basis, the swimming pool and outdoor sports facilities.

Besides, the Jain (Deemed-to-be University) hostels, located across South Bangalore offer residential option for students in the heart of the city. The University provides separate spacious accommodation for boys and girls with complete food, laundry and recreational facilities. Warden supervision, hygiene, safety, kitchen facilities, medical checkups, medical insurance, telephones and state-of-the-art facilities are just some of the other amenities.

Gymnasium

The students are provided with excellent gym and yoga facilities. The simple yet comfortable environment provides a congenial setting in which regular exercise and relaxation becomes a real pleasure, in a friendly & welcoming atmosphere. The gym sports has a variety of equipment which caters to virtually all sporting needs of the students from serious cardio-vascular workout to maintaining a general level of fitness.

Auditorium

The auditorium is well-equipped with modern acoustics and state-of-the-art facilities to conduct seminars, corporate events, student activities and general announcements for the students.

Technology-Enabled Learning (TEL)

Jain (Deemed-to-be University) has been a pioneer in developing innovative learning methodologies in order to enhance the learning abilities of a student, thus providing competitive edge in professional life. The University has recently launched the Technology-Enabled Learning (TEL) for its various programs. The idea is to harness the power of technology and internet, in particular, so as to develop a unique method of learning process which is learner-centric.

Multi-Cuisine Cafeteria

The cafeteria is a hub of student activity, social exchange and youthful energy. Bustling with social life, it is also a place where students exchange crucial ideas, pool in effort and strategies on every day activities. It serves as a place for diverse interests, from brainstorming for competitions to relishing a hot cup of coffee.

International Students

International students include Foreign as well as Non-Resident Indians (NRI).

Foreign students: Students holding passports issued by foreign countries, including people of Indian origin who have acquired the nationality of foreign countries, are included as foreign students.

Non-Resident Indians (NRI): Only those Non- Resident Indian students who have studied and passed the qualifying examinations from schools or colleges in foreign countries will be included as international students. This will include the students studying in the schools or colleges situated in foreign countries even if affiliated to the boards of secondary education or Universities located in India, but will not include students studying in those schools or colleges (situated in India) and affiliated to the boards of secondary education or Universities of the foreign countries. Students passing the qualifying examinations from boards or Universities located in foreign countries as external students and dependents of NRI studying in India will not be included as international students.

The Office of the International Relations helps international students to adjust and fully participate in the Jain (Deemed-to-be University) campus community activities. The office provides orientation to the new students prior to the start of the semester. Throughout the academic year, the office provides

- Counseling on personal, academic and financial matters
- Program for social and cultural exchange
- Information about international employment and organizing
- English classes for the international students

The Counselors of the Office of the International Relations help international students adjust to life at the University. They help new students through orientation and registration and are available round-the-clock to assist the students in solving the problems.

Logistics

The University campus amenities provide and coordinate transport and logistics supports for the university students commuting to the Global Campus. The logistics team provides transportation to hostel students also. The team serves the community by providing logistics consultancy services to faculties, schools and administrative offices. The team builds upon the established base of suppliers and service providers and seeks to develop customized solutions for events on campus.

Health care

The health care services of the University are provided to promote health, wellness and safety on the University campuses by providing quality medical and mental health and care for outstanding health related issues.

Vishwas (counseling center) offers psychological counseling and psychiatric services to students to cope with personal problems and assist them to successfully achieve their educational goals. The services include health examination, immunization and health history, health care wellness services, mental health services, special care to students with disabilities, and awareness programs.

Rotaract

Rotaract, the student wing of the rotary club is engaged in making students socially responsible through community and club services. There are around 150 student members involved in community service like mega blood donation camps, awareness programs, medical camps and the like.

They also conduct skill development programs, leadership training workshops, orientation program, awareness on health a hygiene, tree plantation, swaccha bharat abhiyaan, celebrate national festivals and many more.

Career Development Center

The Career Development Center at Jain (Deemed-to-be University) provides students, the skills, confidence and networking that is needed to launch and succeed in their chosen career. A combination of location, programs, academics and industry contacts implies that the University provides a head-start in profession, business, research and higher education. As a result, the University has an excellent graduate employment record and maintains good relationships with a wide cross section of organizations within a variety of industry sectors. Many key employers hold student presentations at the University) or attend our regular career fairs.

As a student, and also after graduation, one will have full access to all the facilities at the Career Development Center. They are also helped to:

- Explore career and study options
- Develop the skills that will impress future employers
- Achieve ambitions
- Find full and part-time jobs
- Write CV's, covering letters and application forms
- Prepare for interviews, psychometric tests and assessment centers

Vishwas - Student Counseling Center

Vishwas is the counseling center of Jain (Deemed-to-be University). The counseling activities of all the centers are integrated under this center. The center is working towards mitigating the problems faced by the students. The unit counsels students and try to solve the issues related to learning problems and disabilities, substance abuse, relationship problems, personal habits, family-related issues, anger management, identity and self-esteem, domestic violence and cultural / ethic diversity.

The counselor suggests ways to cope or overcome the problems with relevant counselling and guidance. Confidentiality is maintained for the services and information. It is an altruistic effort on the part of the University that its services are not charged.

Human Networking Academy (HNA)

A team of high profile, creative, imaginative faculty of Human Networking Academy (HNA), Jain (Deemed-to-be University) conducts a unique, innovative and experiential course which addresses the need to equip students with requisite knowledge and skills to strengthen their mind. The motive behind conducting this course is to create an individual who is intellectually alert, morally upright and physically strong. Awareness about our national history, culture, social responsibilities and human values is created through interactive sessions, short, silent, educational and theme-based films, University documentaries and outbound learning programs.

Financial Aid

The University provides financial aid to the needy and eligible students. Merit scholarships for the meritorious students are provided every academic year. Fee concession is provided for economically weaker students and to the students belonging to disadvantaged groups. A special test for merit scholarship is conducted and the eligible students are awarded with the scholarships. The eligibility for taking the test is 80% in the qualifying exam. Merit scholarships are given to students as an incentive for improving their performance.

Sports scholarships are given to outstanding sports persons in the form of fees concessions, cash incentives, sponsorships to tournaments, etc.

Services for the Scheduled Castes / Scheduled Tribes Students

The students belonging to Scheduled Castes / Scheduled Tribes are encouraged to take admission in Jain (Deemed-to-be University). They are provided with scholarships and are encouraged to take up admissions for higher studies in the University. The University voice for the SC / ST students to get free scholarships from the government.

Women's Cell

There is a separate Women's Cell comprising senior faculty members and two student representatives from each school / center for creating awareness to empower Women in all fields. The cell is actively involved in empowering women (both faculty and students). Women students are encouraged to take part in activities related to women issues which will develop awareness about women's rights, gender sensitivity, information and empowerment. In addition, the Women's Day is also celebrated on 8th March every year.

Meetings are regularly conducted to discuss various issues like women empowerment, work life balance, developing professional competence and motivating women to become career-oriented.

Internal Complaints Committee

The cell consists of women faculty and women students as its members. The environment is free from any of kind of harassment or disregard to women. They are given equal opportunities in all areas of work.

They are suitably appreciated for their sincere and dedicated work. The women students are encouraged to take part in co-curricular, extra-curricular and sports activities. There is absolutely no gender bias on the campus.

The cell takes certain preventive measures to maintain discipline and codes of conduct are formulated, such as use of separate staircases and elevators by girls and boys and regular check on the prescribed dress codes specified in the prospectus.

Student Grievance Redressal Cell

The Student Grievance Redressal Cell aims at strengthening the teacher - student relationship and instills confidence in students. The cell takes care of the student requirements, happenings in the class, addressing problematic issues without delay, inculcation of human values and maintaining qualitative social ambience in the premises. Each unit has a committee which reports to the integrated grievance cell. Most of the grievances are sorted out in an informal manner.

Kalarava - Psychological Assessment and Counseling Center

Kalarava - Psychological Assessment and Counseling Center of Department of Psychology, Jain (Deemed-to-be University) offers psychological counseling for those in need & extends services and expertise to the general public. The center also help postgraduate students of second year psychology to get a practical exposure on their areas of specialization such as counseling, therapy etc. The center offers play area therapy, life skills counseling, abuse counseling, rational emotional behavior theory, art therapy, corporate counseling etc.

The play therapy area is the special feature of 'Kalarava'. Through special games, toys and finger puppets, the play therapy helps children below the age of 12 to deal with their emotions such as self- disclosure, expression and various interpersonal and intrapersonal relations.

Assistantships, Fellowships, Student Insurance

Assistantships, Fellowships, Student Insurance and many such schemes are available to Jain (Deemed-to-be University) students. Academic Resource Group (ARG) provides counseling to the student fraternity on case-to-case basis. It is generally, done on one-to-one basis either with the students or the parents.

The ARG also supports the students for paid internship activities and part-time jobs depending on the case requirement. The staff and students of the management program have been given the accident insurance benefit.

Equal Opportunities Cell

The main problems faced by people viewed as disabled, or with disabilities, or of minority status, stems from disabling environmental, economic and cultural barriers. Disability and minority are therefore issues of equal rights on par with other forms of unjustifiable discrimination and prejudices. The Equal Opportunity Cell addresses the concerns of the students belonging to SC, ST, OBC and persons with disabilities (PWD).

As part of its mission statement, the EOC ensures the following:

- Affirmative and inclusive actions concerning SC, ST and OBC

- A barrier-free access to all buildings of Colleges, Departments, Libraries, Hostels and Offices of the University
- No discrimination on grounds of disability or minority status
- Reaching out to like-minded institutes and organizations dealing with similar issues
- Special learning measures in the library for people with disabilities

Information and computer-technology enablement aims at developing basic skills in communication and information through the use of computers mainly for those with visual impairment.

The programs on disability and human rights help in understanding the experiences of students and staff with disabilities. It is designed to bring about the issues that affect the way in which people with disability are treated, locally as well as globally.

Jain (Deemed-to-be University) encourages differently-abled students to take up the programs offered by the University. They are given preference in the use of facilities like lifts, canteens, cafeteria and library. They are also allowed to record lectures in the class rooms. Visually-impaired students are provided with software "George" to enable them to download material.

E-Library

E-Library is a comprehensive collection of content of books (non-book materials), periodicals / project reports / research articles / handbooks / manuals / newletters etc. The key benefits of our e-library are:

- Access all e-books and browse the content immediately - when you need it

- Find exactly what you are looking for with a robust searching mechanism
- Place the most frequently accessed book titles on your own private bookshelf
- Facilitates easy purchase of the book after you have had an opportunity to browse it online

Training and Placement Cell

The Training and Placement Cell of Jain (Deemed-to-be University) prepares the students to face the professional world and develop appropriate skill sets and work ethics. The cell allocates the best placement opportunities and guides the students in making the right career choice. Placement is ensured for eligible students. The primary objective of the placement cell at the University is to contribute to nation-building by molding students as corporate citizens. The training and placement cell works closely with the industry interface cell to create employment opportunities for emerging courses. The average placement for the past five years has been 93%. The highest CTC for PG has been INR 10.9 lakhs and for UG INR 16 lakhs per annum.

University-Industry Interface Cell

This cell has been created keeping in mind the ever-changing industry landscape. The cell works with various Schools of the University to bridge the gap between theory and applied learning. It also facilitates the design of courses in collaboration with industries and professional bodies. The cell also supports the Student Career Advisory and Placement Support Team (SCAPS) for various activities. It also facilitates research, consultancy projects and various faculty development programs for the University. Some of the major activities of the cell are aimed at strengthening the academic and

research activities, attracting collaboration & tie-ups to develop new age courses and set up innovative labs, to interact with industry for skill development, career enhancement, intrapreneurship and entrepreneurial development for students.

Better interaction between technical institutions and industry is the need of the hour. This will have great bearing on the engineering curriculum, exposure of industrial atmosphere to engineering students and subsequent placement of young graduating engineers in industries across the country. With the advent of globalization and opening up of Indian economy to outside world, competition among industries have become stiff. To solve their engineering problems, they now look up to engineering institutions. Similarly, there is an urgent need to prepare engineering students for jobs in multinational companies by exposing them to newer technologies and engineering methodologies. These objectives can only be achieved well by bridging the gap between industry and the academic institute.

- Establishment of University - Industry Partnership / Interaction Cell
- Organizing workshops, conferences and symposia with joint participation of the faculty and the industries
- Participation of experts from industry in curriculum development
- Arranging visits of staff members to various industries to understand the latest trends
- Joint research programs and field studies by faculty and people from industries
- Memorandum of Understanding between the University and industries to bring the two sides academically and

strategically closer
- B.Tech. and M.Tech. projects / dissertation work in industries under joint guidance of the faculty and experts from industry
- Internship in the industry
- Visiting faculty / professors from industries
- Creating professorial chairs by industries at the University
- Establishing R&D laboratories by industries at the University
- Instituting scholarships / fellowships by industries at the University for students

Enactus

Enactus - the student's in free enterprise wing is involved in real -time projects in the fields of marketing, HRM, Finance, R & D and the like. They have joined hands with many NGO's and involved in candle-making by visually-challenged. Through the entrepreneurial approach, Enactus has created social, economic and environmental impact. Through various programs for communities they sincerely aim at improving the quality of life and standard of living.

Student Fees Services

The Office of Student Fee Services works for the betterment of services provided to the students of the university by constantly looking at ways to improve the services. With this in mind, the team has moved to online student's fee payment service. The new online gateway allows us to process payments safely, quickly and efficiently.

Communication Lab

The Communication lab for engineering students was set up in collaboration with Ore´ll Techno systems (India) Pvt. Ltd. in the year 2018. Ore´ll is a vibrant IT services

providing company catering exclusively to the education domain. Ore´ll Digital Language Lab is a language learning software platform that is designed and created to enhance the teaching efficiency and improve the overall learning process.

SECTION 5

STUDENT INVOLVEMENT

- CMS Festival
  - Threshold
  - Abhinaya
  - Lasya
  - Precipice - International Management Fest
- Taru Samskriti
- Samanvaya - Commerce Fest
- Infinity
- National Cadet Corps
- National Service Scheme
- Radio Active
- E-Week India
- Corporate Expo
- Science Model Expo
- Inventec Idea Contest

Jain (Deemed-to-be University) provides a multitude of co-curricular activities to enrich student's lives beyond academics. Becoming involved in some of the clubs and associations can be a great way to meet people, learn new skills and hone current interests. The students can help produce the "Aventure", a quarterly magazine, participate in debating competitions, broadcast online with Radio Active and volunteer within the community and much more.

CMS Festival
The CMS Festival is an amalgamation of all the four national level fests under the Jain (Deemed-to-be University) Center for Management Studies. The festivals together combine education, fun and explores different facets of a human being that complement one another; the professional, the aesthetic and the personal excellence.

Threshold
Threshold is a fest designed and conducted exclusively for first year management students, taking into consideration their level of experience and competence. It is envisioned as a platform to take students from the novice level to that of exceptional initiative.

Abhinaya
Abhinaya provides a national-level platform for the thespian talents to showcase their skills at the amateur theatre festival. It aims to achieve integration in diversity across the nation and language. Featuring plays in Hindi, English and Kannada, Abhinaya is now poised to be the prime performance of the Academy of Theatre Arts at CMS. Abhinaya will help young Indians to revitalize their Indian identity, develop new perspectives and mold character through discipline and passionate vision.

Lasya
Lasya - a colorful beginning of a cultural awakening is the first inter-collegiate national-level cultural event with a blend of intellect, grace and creative flair organized by Jain (Deemed-to-be University) - CMS.

Precipice - International Management Fest
Precipice is an international management fest organized by Jain (Deemed-to-be University)- CMS that puts decision making, organizational and entrepreneurial skills to the test, besides being a celebration of student life as a whole. This fest provides students with the opportunity to assess their proficiency at planning, organization, execution and competition.

Taru Samskriti
Taru Samskriti, an annual all-India inter-collegiate techno-cum-cultural fest provides an imposing platform for the students across the country to showcase their talents. This event, over the past years, has witnessed excellent country-wide participation bringing great acclaim and appreciation.

Samanvaya - Commerce Fest
Samanvaya, a national-level business fest conducted by Jain (Deemed-to-be University)- School of Commerce, has set trends and yardsticks throughout the years. It has been at the forefront of conducting innovative events and attracting the best participants from all over India. This has been a nurturing ground for talent & ideas and the trend continues to grow year by year.

Infinity
Infinity, the annual intra-university cultural festival of School of Engineering & Technology is spread over three days. This mega in-house event is contested

branch-wise with events covering the cultural, technical and management fields.

National Cadet Corps

National Cadet Corps is a leadership training activity for students that teaches them responsibility and resourcefulness. It also helps students to develop smart thinking, quick reasoning and reaction skills and handle various situations in an adept manner. Students who are physically fit, are encouraged to join the NCC (National Cadet Corps).

National Service Scheme

The motto of NSS "Not Me But You" reflects the essence of democratic living and upholds the need for self-less service. NSS helps the students to develop appreciation towards the other person's point of view and also shows consideration towards other living beings. The University encourages students to volunteer and be a part of this social wing.

Radio Active

The first community radio station in Bangaluru, Radio Active CR 90.4 MHz provides students a challenging platform to develop social awareness and broadcast programs concerning education, sports, empowerment of marginalized communities, health awareness, environmental consciousness and such other sensitizing concerns. The students of Journalism and Mass Communication department are given the practical hands-on training by qualified instructors.

E-Week India

Entrepreneurship Week India, through the National Entrepreneurship Network (NEN), brings in a week-long awareness campaign that celebrates the opportunities in today's India, and engages people in improving the entrepreneurial eco-system. Students are allowed to showcase their activities in entrepreneurship, and the platform will be provided to spread the spirit of entrepreneurship to broader sections of the community.

Corporate Expo

The Corporate Expo is a real-time experience that connects the students to the products and services marketed by corporates to the real world. This helps in encouraging students learn from practical business scenarios and introduce the concept of technical presentation and convincing abilities among the students, and to build up marketing skills and help students in model building.

Science Model Expo

It is an attempt to encourage hands-on experience of creating innovative and exploratory models in science which will help the students concretize some of the concepts of science that they learn during their course of study. This outreach program invites other Universities to participate in the exhibition with their exhibits / models.

Inventech / Idea Contest

Inventec Idea Contest is an annual contest conducted by the University, as part of the celebrations of IPR day. The contest is open for Faculty members of all departments, students of all branches of Sciences, Engineering, Management and Ph.D. students registered at Jain (Deemed-to-be University). Any of the best ideas which can be converted to a new process, a new product, a new software and a new design of products with innovation potentials can be submitted for the competition.

SECTION 6

SPORTS AT JAIN (DEEMED-TO-BE UNIVERSITY)

- Notable Alumni
- Sports Scholarship

Sports at Jain (Deemed-to-be University)

Jain (Deemed-to-be University) advocates sports. Stemming directly from the vision of overall student development, the University provides facilities and encouragement for every sport activity that students find interest in. Exceptional talents are given adequate encouragement to emerge as winning performers in their chosen sporting disciplines. Our students have participated in Olympics World Championship, International, National and State Championships across many sport fields.

The University offers scholarships to help athletes who are competing at national or international levels to meet the extra costs of elite participation. The scheme provides a personal academic coaching, complete tuition fee waiver, free access to the university sports facilities and guaranteed university accommodation for the duration of study.

VIE, an All India Sports Extravaganza, is an annual event hosted by Jain (Deemed-to-be University). This year the University saw an outstanding performance and participation of students from more than 50 colleges in various indoor and outdoor sporting events.

Objectives
- To provide international exposure for sportspersons for training and competitions
- To provide training and coaching from eminent Indian and foreign coaches
- To provide the necessary facilities for sports purpose to achieve excellence in the chosen sports

Facility
Superlative sports facilities that have been created at the University, especially at its Global Campus and rank among the best in terms of quality and capacity. These include Sprintoor, an auditorium, a modern aquatic complex, well designed international cricket ground, tennis courts, basketball courts, golf courts, football courts, hockey ground, athletic track and multi-gym. The University has also entered into a lease agreement with Rajiv Gandhi Indoor Stadium which has world class indoor facilities for indoor sports .

Notable Alumni
- Pankaj Advani - World Billiards & Snooker Champion
- Karun Nair - Indian Cricketer
- K L Rahul - Indian Cricketer
- Robin Uthappa - Indian Cricketer
- Shikha Tandon - International Swimmer
- Rehan Pooncha - International Swimmer

General Rules for Discipline

Discipline

Misuse or damage to University property or facilities will lead to disciplinary action which could result in termination of a student's studies and / or payment for damages and call out charges. Breach of discipline can range from a failure to comply with any statute, ordinance, regulation or rule prescribed for the conduct.

Security

Personal property is the responsibility of the individual. The University will not accept any responsibility for items lost or stolen. Items lost or found should however be intimated at the facilities management desk.

Ragging

What constitutes Ragging?

(a) Any disorderly conduct whether by words spoken or written or by an act which has the effect of teasing, treating or handling any other student with rudeness

(b) Indulging in rouge / gangsters or indiscipline activities which causes or is likely to cause annoyance, hardship or psychological or physical harm or to raise fear or apprehension thereof in a fresher or a junior student

(c) Asking the students to do any act or perform something, which has the effect of causing or generating a sense of shame or embarrassment that adversely affects the physique or psyche of a fresher or a junior student

(d) Teasing, embarrassing, humiliating, assaulting or using criminal force or criminal intimidation, wrongful restraining, confining, causing grievous hurt, kidnapping, extortion, molesting, committing unnatural offences, causing death or abetting suicide.

Prohibition of Ragging

(a) Ragging within the University campus including its institutions / departments and hostels is strictly prohibited

(b) Ragging in any form is also prohibited in the private lodges / buildings where these University students are staying

(c) No person including students / staff / faculty shall participate or abett propagate ragging in any form

Punitive action by the Administration

Ragging is a cognizable offence under the law and the punishments meted out have to be exemplary and justifiably harsh to act as a deterrent. It may include

(a) Cancellation of admission, suspension, rustication or expulsion from the University / hostel

(b) Expulsion from the institution, and consequent debarring from admission to any other institution for a specified period

Attendance Requirements

(a) Undergraduate Program (other than Engineering)

• A student is eligible to appear for the semester-end examinations, only if he / she has put in a minimum of 75% attendance in each subject individually

• No candidate is permitted to take the end-semester examination if he / she does not fulfill the attendance requirement

• If a student is absent from all the

classes without prior permission his / her name will be removed from the rolls of the University

(b) Undergraduate (Engineering) Program
- A student should have attended a minimum of 85% of the classes conducted in each subject. In case student fails to fulfill the 85% attendance requirement, then the Dean / Director can consider condonation to a maximum extent of 10% provided the candidate has a minimum of 75% attendance in that semester
- No candidate is permitted to take the end-semester examination if he / she does not fulfill the attendance requirement
- If a student is absent from all the classes without prior permission his / her name will be removed from the rolls of the University

Postgraduate Programs
- A student should have attended a minimum of 85% of the classes conducted in each subject. In case student fails to fulfill the 85% attendance requirement, then the Dean / Director of Center can consider condonation to a maximum extent of 10% provided the candidate has a minimum of 75% attendance in that semester
- No candidate is permitted to take the end-semester examination if he / she does not fulfill the attendance requirement
- If a student is absent from all the classes without prior permission his / her name will be removed from the rolls of the University

The above requirements may strictly be adhered to.

The students failing to comply with attendance requirements shall be required to seek re-admission into the same semester by paying the stipulated fees.
