ABOUT SET JU

The School of Engineering and Technology, Jain University (SET, JU), is a renowned Engineering Institution located in Bangalore. SET was established in 2005. SET offer 12 undergraduate and 10 post graduate courses. Our staff consists of highly accomplished individuals who hold postgraduate and doctoral degrees. We have 2500 students currently enrolled in various branches at our institute. SET does cutting edge research in areas such as Nano Technology, Disaster Mitigation, Polymers, Medicinal Chemistry, Remote Sensing Sensor Networks, Cloud Computing, Big Data Analysis, X-ray Crystallographic Studies. Moreover, SET has collaborated with the best companies in the industry such as ISRO, Infosys, Cognizant, HAL in order to enhance research and academic activities.

SET has realized that education can go beyond the conventional boundaries. Remarkable facilities and diverse co-curricular activities serve these educational purposes. Our well maintained campus provides a sense of persistent vision, stability and management. Besides classroom teaching, SET emphasizes on intensive interactions between students and mentors. It also provides state-of-the-art infrastructure facilities.

ABOUT THE CONFERENCE

Recent Advances in Chemical and Materials Science is an interdisciplinary area of Science and Engineering applying the synthesis, structure properties of materials for various areas of Applied Science & Engineering Technologies. The national conference on Recent Advances in Chemical and Materials Science is the forum to present new advances & research results in the fields engineering and materials science.

The conference will bring together leading academic scientists, industrialist and research scholars in the domain of interest from around the country. It will be held on 3rd February 2018 at SET-Jain University.

Topics of interest for submission include, but are not limited to:

- ◆ Nanomaterials: Synthesis, Growth & their Fabrication
- ◆ Nanomaterials for Energy & Environment
- ◆ Carbon/Graphene based Materials
- ◆ Advanced Engineering Materials
- ◆ Composite and Hybrid Materials
- ◆ Ceramic and Glass Materials
- ◆ Biomaterials & Fibers
- ◆ Smart Materials in Engineering
- ◆ Fuel Cell, Bio Fuel, Solar Cell & Panels
- ◆ Controlled Closed Strength Materials (CLSM)
- ◆ Photovaltaics and Catalytic Materials

CALL FOR PAPERS

Interested Academicians, Scientists, Industry Personnel, Research Scholars & Students are invited to present Papers/Posters on above mentioned themes. The full length paper should not be more than six pages in given format shall reach the organizing secretary on or before 25st January 2018 at e-mail id: setracms18@gmail.com.
