ABOUT SET JU

The School of Engineering and Technology, Jain University (SET, JU), is a highly renowned Engineering Institution located in Bangalore. SET was established in 2005. SET offer 7 undergraduate and 9 post graduate courses. Our staff consists of highly accomplished individuals who hold postgraduate and doctoral degrees. We have 2500 students currently enrolled in various branches at our institute. SET does cutting edge research in areas such as Nano Technology, Disaster Mitigation, Polymers, Medicinal Chemistry, Remote Sensing Sensor Networks, Cloud Computing, Big Data Analysis, X-ray Crystallographic Studies. Moreover, SET has collaborated with the best companies in the industry such as ISRO, Infosys, Cognizant, HAL in order to enhance research and academic activities. SET has realized that education can go beyond the conventional boundaries. Remarkable facilities and diverse co-curricular activities serve these educational purposes. Our well maintained campus provides a sense of persistent vision, stability and management. Besides classroom teaching, SET emphasizes on intensive interactions between students and mentors. It also provides state-of-the-art infrastructure facilities.

ABOUT THE CONFERENCE

JU-SET started with the Department of Computer Science Engineering (CSE) and Information Science and Engineering (ISE) in the year 2006 with the state-of-the-art facilities as per the University curriculum. The department has pool of faculties with a fusion of academics and industry experience. The Computer Science and Engineering (CSE) and Information Science and Engineering (ISE) Programs at the Bachelor's level (B.Tech) is structured in such a way that a student can pursue different specialized streams including Computer Networks, Software Engineering, Web Application development, Data Science, Internet of Things and Cloud Computing.

The conference will bring together leading academic scientists, industrialist and research scholars in the domain of interest from around the country. It will be held on 3rd February 2018 at SET-Jain University.

Topics of interest for submission include, but are not limited to:

Computational Intelligence
Computing Architecture and systems
Software Engineering, Cloud Computing
Machine Learning, Internet of Things
Artificial Intelligence, Natural Language Processing
Signal and Image Processing
Data Communication and Networking
Data Science, (Big) Data Analytics
