ABOUT SET JU

The School of Engineering and Technology, Jain University (SET, JU), is a highly renowned Engineering Institution located in Bangalore. SET was established in 2005. SET offer 7 undergraduate and 9 post graduate courses. Our staff consists of highly accomplished individuals who hold postgraduate and doctoral degrees. We have 2500 students currently enrolled in various branches at our institute. SET does cutting edge research in areas such as Nano Technology, Disaster Mitigation, Polymers, Medicinal Chemistry, Remote Sensing Sensor Networks, Cloud Computing, Big Data Analysis, X-ray Crystallographic Studies. Moreover, SET has collaborated with the best companies in the industry such as ISRO, Infosys, Cognizant, HAL in order to enhance research and academic activities.

SET has realized that education can go beyond the conventional boundaries. Remarkable facilities and diverse co-curricular activities serve these educational purposes. Our well maintained campus provides a sense of persistent vision, stability and management. Besides classroom teaching, SET emphasizes on intensive interactions between students and mentors. It also provides state-of-the-art infrastructure facilities.

ABOUT THE CONFERENCE

Materials and Manufacturing Technologies is an interdisciplinary area of Science and Engineering for various areas of Applied Science & Engineering Technologies. The national conference on **Advanced Materials and Manufacturing Technologies** is the forum to present new advances & research results in the fields of materials sciences and manufacturing engineering.

The conference will bring together leading academic scientists, industrialist and research scholars in the domain of interest from around the country. It will be held on February 3rd 2018 at SET-Jain University.

Topics of interest for submission include, but are not limited to:

- ◆ Hybrid and composite materials
- ◆ Nano materials
- ◆ Smart Materials
- ◆ Surface coatings and thin films
- ◆ Simulation and modeling of materials design
- ◆ Material processing technologies
- ◆ Robotics
- ◆ Machining Studies
- ◆ Automation for manufacturing
- ◆ Additive manufacturing
- ◆ Micro machining

CALL FOR PAPERS

Interested Academicians, Scientists, Industry Personnel, Research Scholars & Students are invited to present Papers/Posters on mentioned above themes. The full length paper should not be more than six pages in given format shall reach the organizing secretary on or before 25/01/18 at E-mail id: ncammt2018@gmail.com.
