

India: Jain University Is about to Introduce Green Technology Programme

BANGALORE: Jain University will launch a new course in building science and technology with specialization in green technology.

The MTech programme will be launched at the International Conference on Energy, Environment and Eco-friendly Buildings (ICEEEB) being organized by Jain University in collaboration with national institutes under patronage of Indian Green Building Council (IGBC) and The Indian National Academy of Engineering (INAE).

The programme will be offered by Jain University and has been jointly developed in association with IGBC.
