Jain University launches a unique M.Tech programme in Building Science and Technology

The 2-year Programme is a tie-up with Indian Green Building Council; offers 18 seats for the India's top-ranked deemed-to-be university, Jain University, in collaboration with Indian Green Building Council (IGBC), today announced the launch of a unique 2 year M. Tech programme in Building Science and Technology (with specialization in Green Technology). This 4 semester programme with an intake of 18 seats will commence in 2014.

Speaking on the launch of the M.Tech Programme, Dr. N Sundararajan, Vice Chancellor, Jain University said, "The rapid urbanization leading to environmental degradation on a massive scale is mainly attributed to the building and the construction industry. Sustainable building technology requires interdisciplinary expertise and today there is a dearth of professionals in the space, with specialized knowledge and skills

Hence we have joined hands with IGBC for the Programme, to develop competent professionals with required techno-managerial skills in Building Science and Technology, with more emphasis on Green Technology." is apart of CII-Sohrabji Godrej Green Business Centre and is involved in promoting Green Building concept in India. The Council is represented by all stakeholders of construction industry, comprising of Corporate, Government and Nodal Agencies, Architects, Product manufacturer, Institutions, etc. The vision of the Council is to support India to become one of the world's leaders in Green Buildings by 2015.
