

### **Jain University Bangalore to launch new course on Green Technology**

BANGALORE: Jain University is set to launch a new postgraduate course in building science and technology with specialism in Green Technology.

The MTech programme will be launched in the conference organised by the university itself— the International Conference on Energy, Environment and Eco-friendly Buildings (ICEEEB).

The programme will be offered by Jain University in association with Indian Green Building Council, which is the co-developer of the course too.
