M.TECH IN BUILDING SCIENCE

Jain University, in collaboration with Indian Green Building Council (IGBC), has announced the launch of a unique 2-year M.Tech programme in Building Science and Technology (with a specialisation in Green Technology). This 4 semester programme, with an intake of 18 seats, will commence in 2014.

The modules covered are Environmental and Sustainable Engineering, Green Technology, Carbon footprint and Measurement for all building types, Modern Materials, Construction and Characterization, Life Cycle Assessment and Materials Selection, Building Rating Systems with case studies, Retrofitting of buildings, Renewable Energy, besides others. The pedagogy and the curriculum have been designed, keeping in mind the professional demand for cutting edge technology solutions to address sustainability challenges.

Graduates of this programme will have career opportunities and growth in the sectors of infrastructure, energy, real estate, township development and others, both within India and overseas. The eligibility criteria for admission to this programme include candidates who have passed B.E / B.Tech degree or its equivalent in Civil / Mechanical Engineering with not less than 50 per cent marks in the aggregate.
