

THE HINDU

Book launch

Taking up the task of educating people about the Internet, the book "The Internet - A Revolution in Progress" was launched by Jain University in association with National Book Trust, India.

Author Mohan Sundara Rajan shared his insights on how he came about writing the seminal work.

Krishnaswamy Kasturirangan, who launched the book, said "The development of the Internet has resulted in an enormous transformation in our lives. I believe that we live in the Internet age today."
