FORTUNATE ONES

Fifteen homeless puppies found their new homes on Sunday. Thanks to the 'Green March' organized by a NGO 'Lets Live Together', which works for animal welfare. Nearly 100 animal-lovers marched from Cubbon Park to Minsk Square.

"Sadly, public response was inadequate. All the puppies have been properly vaccinated. We ensure that only families adopt them. We also need more volunteers. Further we see to it that those who want to adopt the dogs should be able to take care of them", Said Achala Pani, the NGO's Founder-Trustee.
