

MS Engineering (Aerospace) for Working Professionals

From a recently conducted survey, it has been found that large numbers of graduate engineers working as executives in Engineering Industry and R & D establishments in and around Bangalore are aspiring to improve their academic qualification by specializing in areas of the interest for better career prospects. At times it may be difficult for them to take time off from the organizations for this purpose by joining regular Master's programmes.

In order to fulfill the requirements of working executives, Jain University offers MS Engineering (Aerospace) programme facilitating them to attend the classes during evening hours at its centre in Bangalore. The programme is designed for executives working in engineering industry and R & D establishments for knowledge and career enhancement in consultation with employers such as Aircraft Industries (India & Abroad), Aerospace R & D, Airlines, Airports and Academic Institutions.

PROGRAMMES

Aerospace Engineering - Aerodynamics (AD)

Aerospace Engineering - Aerospace Structures (ST)

Aerospace Engineering - Aerospace Propulsion

Aerospace Engineering -Avionics (AV)

Aerospace Engineering - Manufacture & Management (M&M)

ELIGIBILITY

Pass in the prescribed qualifying degree examination or equivalent with not less than 50% (for SC/ST 45% marks) in the aggregate. Must be in service for a period of at least two years and shall be sponsored by the respective organization.
