Declared as Deemed-to-be University u/s 3 of the UGC Act, 1956

M.Com Financial Analysis

with industry integrated programme KCIAP from

About Jain University

Jain University is declared as deemed-to-be University u/s 3 of the UGC Act, 1956. It is ranked no.1 among top private university in South India & ranked no.2 among top private universities in India by India Today Best Universities Survey, June 2013. A member of the Association of Universities of Asia and the Pacific (AUAP) is now certified ISO 9001:2008 for quality management.

The University currently offers over 185 innovative programmes at the Undergraduate, Postgraduate and Research levels. At Jain University undergraduate & postgraduate aspirants have an opportunity to fulfil education requirements, choose among a wide variety of elective courses and interdisciplinary certificate programmes and be a part of research activities undertaken by the university in diverse fields.

Master of Commerce with specialisation in Financial Analysis

The 2 year programme imparts professional exposure and training to participants in diverse aspects of accounting and finance. The course has been designed to develop or enhance the accounting and financial management skills necessary to function effectively within private businesses, non-profit organizations, and public agencies. This programme also has been designed for people who seek to develop and apply their skills in the areas of auditing, taxation, information systems, financial analysis, corporate governance and ethics among other subjects.

The well-structured course exposes students to the managerial issues in the contemporary world of finance & endeavours to create in the students a sense of confidence & competence in managing these issues, through knowledge dissemination & skill-enhancement. This course offers a combination of accounting and finance studies in order to enhance career prospects and extend knowledge of both disciplines.

Industry Partner for KCIAP

Finance & Accounting is a growing field with a huge range of opportunities. Indian economy is estimated to exceed US \$5 trillion by 2020 with the service sector share likely to increase to over 60 percent in that time period. This economic growth will fuel

demand for industry ready professionals across disciplines and sectors.

The course offered at Jain University is designed to meet the above mentioned industry demand and develop students' knowledge and understanding of International Financial Reporting Standards. This course will deal with concepts and principles which underpin finance and their application in reality.

Module Highlights

- Revenue Recognition
- Presentation of the statement of financial position, income statement and statement of comprehensive income
- Business combinations - intra-group adjustments
- The effects of changes in foreign currency exchange rates

On completion of this course, students should be able to:

- Understand and explain the structure of the framework of international accounting
- Apply relevant financial reporting standards to key elements of financial reports
- Identify and apply disclosure requirements for companies in financial reports and notes
- Prepare group financial statements including subsidiaries, associates and joint ventures
