

Instillation Ceremony 2015-16

The Commerce Forum is one of the organising body which has been taking strides to success ever since 2002, the year it got enrooted. It is a forum that doesn't give you any name, fame or status but surely makes you capable to earn all the three.

Every organisation needs appropriate hierarchy to function at grease. Instillation 2015 was a ceremony which marked as a threshold towards prosperity by bestowing upon the responsibilities to appropriate leaders to lead The Commerce Forum.

The ceremony started with lighting up of the lamp of luminance and seeking the blessing of deity. After which Dr. B.A Vasu, Centre Head, School of Commerce Studies, Jayanagar addressed the students. The leaders were honoured with an instillation letter which meant a matter of pride not only to them but the entire forum for having the righteously deserving leaders. The occasion was graced with the presence of Madhur Ghurka, former student convener and Nikhil Rathod, former events team member.

Instillation 2015 marked as an opportunity or platform for the 2nd year students to exhibit their organising capabilities. The students got educated about the spirit of team work, inculcated professionalised behaviour, value of punctuality, to work in coordination and sync, modesty and a lesson to be prepared for any unforeseen circumstances.

The positive feedback given by the participants of the event, boosted up the spirits of each and every member of the forum. In future, the students would strive their best to make use of this golden opportunity to uplift the banner of the college
