

Conference Attendees
7th International Symposium on Inorganic Phosphate Materials
Argonne National Laboratory, Illinois

Dr. H. Kathyayini working as Assistant Professor at Centre For Emerging Technologies (CET) has attended and gave a talk on the paper entitled "*Synthesis, Characterization and Catalytic applications of amorphous mesoporous aluminophosphates (AIPs) and transition metal aluminophosphates(MAIPs)*" at International symposium on Inorganic Phosphate Materials (ISIPM-7), Argonne National Laboratory, Chicago, Illinois, USA during 8-11th November 2011.
