

Divydhaxi Audyogik Samshodhan Vikas Kendra

MECHANICAL & STRUCTURAL SCIENCES & TECHNOLOGY
2013

The VASVIK Award for the year 2013 in the field of
Mechanical & Structural Sciences & Technology is given to:

Prof. R. N. Iyengar

Director, Centre for Disaster Mitigation, Jain University, Bangalore.

Dr. R. N. Iyengar has made outstanding contributions in the areas of Stochastic Structural Dynamics, Earthquake Engineering, Nonlinear Mechanical Systems and Rainfall studies. He has applied his high end engineering research results to analyze and improve performance of Nuclear Power Plants, Railway Tracks, Defense Equipments and Civil Structures subject to uncertain forces which have accrued benefits to the country at large. Commercialization of a few Building Product technologies while working at CBRI-CSIR has had direct economic gains. Reduction of SPM content in brick kiln exhausts has had significant social benefits also.
